Paroles de la chanson de Pupajim
Just a story,
About the disease of the century
You are addict
Televison Addict
You are addict
Televison Addict

The First thing you do when you arrive at home is to turn on the television
You channel up
To the six
To the four
To the two
To the five
To the one
You don’t create
You don’t appreciate
It’s a hudge fallacy
You think you learn
Lots of thing
But you learn only bullshit
Addict
Televison Addict
You are addict
Televison Addict
Where is your creation
Mister Television

Where is your creation
Mister Television
The First thing you do when you arrive at home is to turn on the television
You channel up
To the six
To the four
To the two
To the five
To the one
You don’t create
You don’t appreciate
It’s a hudge fallacy
You think you learn
Lots of thing
But you learn only bullshit
You are Addict
Televison Addict
Yes addict
Televison Addict
Just a story,
About the disease of the century
You are addict
Televison Addict
You are addict
Televison Addict
The First thing you do when you arrive at home is to turn on the television
