Les ingénieurs Twitter continuent à découvrir dans le code de Twitter des censures partielles cachées (shadowbans) héritées de l'ère pré-Musk. Parmi les comptes touchés, celui d'Elon Musk

17/06/2023 à 20h58

True. So many skeletons in the closet. No one at the company knew this code existed.

— Elon Musk (@elonmusk) June 17, 2023

Mostly note, it still affect my account because i participated in some heated conversations about covid and trump in the past.

— Saeed Sharaf □□□ □□□□ (@SaeedSharaf) June 17, 2023

I'm definitely one of them. People can only see me under responses to other posts, never on my actual page
